DETAILED ACTION

Allowable Subject Matter

Claims 1-12 allowed.

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or suggest a microscope with a C-shaped stand consisting of a first and second housing shell which carry an adjustable height stage and define a base with a base cover wherein the means of connecting the first and second shells is inaccessible when the base cover is in place as stated in claim 1. Claims 2-12 depend from claim 1 and thus, based upon this dependency are indicated as allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
